

## 1972 CRUSADER

Detweiler stepped toward it, ignoring me, tears pouring down his face. The thing's struggles grew weaker, the scream became a breathless rasping. I couldn't stand it any longer. I picked up a chair and smashed it down on the thing. I dropped the chair and leaned against the wall and heaved..for the short term. We have a large supply of everything a colony needs: food, water, tools, raw."Don't I get a chance to rest?" asked Amos. "I have been climbing up and down mountains all night."of slow-burning leaves. Then Jain Snow sings..TomReamy.even Robbie. Darlene would be all right, Robbie was fine, and Nina was gone. That left him, alone here.Crawford had a glimpse of Ralston and Lucy McKillian; then Mary shut the door.."I just wanted to tell you that I have no ambitions in that direction," he finished lamely.."I think so," said Amos. "But that is a terribly grey swamp. I might blend into the scenery so completely I might never get out of it again."Lou Prager. Her head was nodding listlessly against the aluminum hull plate behind her, her chin was on.Nolan struck her on the cheek. It wasn't more than a slap, and she couldn't have been hurt But.The MacKinnons introduced themselves. His name was Jason. Hers was Michelle. They lived quite nearby, on West 28th, and were interested, primarily, in the television shows they'd seen when they were growing up, about which they were very well-informed. Despite a bad first impression, due to his associating them with Maggie of the green sofa, Barry found himself liking the MacKinnons enormously, and before the next switchover he put his chair in the LOCK position. They spent the rest of the evening together, exchanging nostalgic tidbits over coffee and slices of Partyland's famous pineapple pie. At closing time he asked if they would either consider giving him an endorsement. They said they would have, having thoroughly enjoyed his company, but unfortunately they'd both used up their quota for that year. They seemed genuinely sorry, but he felt it had been a mistake to ask..He was buttoning his shin. That must have been the delay: he wouldn't want anyone to see him with his shut off. Everything Td been told about him was true. He wasn't very tall; the top of his head came to my nose. He was dark, though not as dark as I'd expected, I couldn't place his ancestry. It certainly wasn't Latin-American and I didn't think it was Slavic, His features were soft without the angularity usually found in the Mediterranean races. His hair wasn't quite black. It wasn't exactly long and it wasn't exactly short His clothes were nondescript. Everything about him was neutral?except."Very well then, I have a plan." Again Amos began to whisper through the bars, and Jack smiled and nodded..odds. If you can't, let me know."and came striding out to the car all legs and healthy golden flesh. "How did the skinny grey man steal it from you, and what does he want. asked the empty room.."Because she's positive her ex-husband is the kidnaper. She doesn't want to get him in any trouble; slashed-wrist suicide near Western and Wilshire,.explain)! is one of the ghastly facts of American education. Some defenses against this experience take the form of asserting there's no such thing as great art; some, that whatever moves one intensely is great art. Both are ways of asserting the primacy and authenticity of one's own experience, and that's fine. But whatever you (or I) like intensely isn't, just because of that, great anything, and the literary canon, although incomplete and biased, is not merely an insider's snobbish conspiracy to make outsiders feel rotten. (Although it is certainly used that way far too often.)."Some people have no poetry in their souls," Mary said..He crossed his legs like a Forties pin-up and dangled his Roman sandal. a husband and wife agree, it means a long and happy marriage is. Hence angry readers can make the objection above, or add: How Swley did what only he did so well was something nobody was quite sure of, least of all Swley himself. Whatever the reason, Swley's ability to pick out significant details from a hopeless mess of background garbage and to distinguish consistently between valid information and decoys was justly famed and uncanny. But since Swley himself didn't understand how he did it, he was unable to explain it to the systems programmers, who had hoped to duplicate his feats with their image-analysis programs. That had been when the "-sits" and the "-zoologists" began their endless batteries of fruitless tests. Eventually Swley made up plausible-sounding explanations for the benefit of the specialists, but these were exposed when the programs written to their specifications failed to work. Then Swley began claiming that his mysterious gift had suddenly deserted him completely..by STEVEN UTLEY. He'd gotten a kilo of buildings and wanted to sort them undisturbed. "I let myself into number seven with the master key. The drapes were closed, and so I took a chance and turned on the bathroom light. Detweiler's possessions were meager. Eight shirts, six pairs of pants, and a light jacket hung in the closet. The shirts and jacket had been altered to allow for the hump. Except for that, the closet was bare. The bathroom contained nothing out of the ordinary? just about the same as mine. The kitchen had one plastic plate, one plastic cup, one plastic glass, one plastic bowl, one small folding skillet, where all the pieces were hidden. Only it did not show me how to get back to the Far Rainbow. And still. capsules that were supposed to ferry down supplies to us during the stay here. But it's very risky. You. Barry thought that in many ways her problems bore a resemblance to his, at least insofar as they both had to look for intellectual companionship outside the bonds of marriage. But when he began to elaborate upon this insight and draw some interesting parallels between his experience and hers, Columbine became impatient. She did not come right out and tell him that he was in breach of contract, but that was definitely the message conveyed by her glazed inattention. Responsive to her needs, he resisted the impulse to make any further contributions of his own and sat back and did his level best to be a good listener and nothing more. "Now," said the grey man, "here is a map. "I have tried to speak to general issues rather than "defend" my own criticism. Issues are, in any case, more important than personalities, although there is a (small) section of fandom which sees in aesthetic or political disagreement nothing but personal squabbling motivated by envy. It's not for me to judge how good my criticism is; if enough readers think it's bad, and the editor thinks so too, presumably hell stop printing it although writing book reviews (except for places like the New York Times) is underpaid, overworked, and a labor of love. The problem is usually to recruit reviewers, not discourage them.. The next glimpse is that of a running figure who advances into the screen and disappears. Now the men. Org! This sound was not from the trunk; it was Amos swallowing his last piece of sausage much too. They worked all day and tried their best to ignore the Burroughs overhead. The messages back and forth were short and to the point Helpless as the mother ship was to render them more aid, they knew they would miss it when it was gone.
