Maybe it was to escape the hunt that Medra came to Pendor, a long way west of the Inmost Sea, or maybe some rumor among the women of the Hand on Hosk sent him there. Pendor was a rich island, then, before the dragon Yevaud despoiled it. Wherever Medra had gone until then, he had found the lands like Havnor or worse, sunk in warfare, raids, and piracy, the fields full of weeds, the towns full of thieves. Maybe he thought, at first, that on Pendor he had found Morred's Isle, for the city was beautiful and peaceful and the people prosperous.. He stood there, intensely gathered, suffering: drew breath: looked straight into the wizard's eyes.. Medra woke in pain, in darkness. For a long time that was all there was. The pain came and went, the darkness remained. Once it lightened a little into a twilight in which he could dimly see. He saw a slope running down from where he lay towards a wall of stones, across which was darkness again. But he could not get up to walk to the wall, and presently the pain came back very sharp in his arm and hip and head. Then the darkness came around him, and then nothing.. The people of Osskil, Rogma, and Borth are lighter-skinned than others in the Archipelago, and often have brown or even blond hair and light eyes; the men are often bearded. Their language and some of their beliefs are closer to Kargish than to Hardic. These far Northerners probably descend from Kargs who, after settling the four great Eastern lands, sailed back to the West about two thousand years ago.. Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering.. His humble teachers had taught him all the words they knew of the Language of the Making. Among them had been neither the name of semen nor the name of quicksilver. But his lips parted, his tongue moved. "Ayezur" he said.. "But he scared em, somehow, did he?" "Yes," he said with a smile. "Are you fetching and carrying for witches now?" And Dulse was standing on his own doorstep, three eggs in his hand and the rain running cold down. At first he was overwhelmed with fierce fantasies of power and revenge: he would free the slaves, he would spellbind Gelluk and hurl him into the refining fire, he would bind him and blind him and leave him to breathe the fumes of quicksilver in that highest vault till he died... But when his thoughts settled down and began to run clearer, he knew that he could not defeat a wizard of great craft and power, even if that wizard was mad. If he had any hope it was to play on his madness, and lead the wizard to defeat himself.. Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the. He knew also that in that same moment he might defeat Gelluk, disempower him, if the wizard, driven by his visions, forgot to guard himself.. and if Otter could learn his name.. She got up slowly. Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering.
