"When will we do it?" He had not known how tired he was until he came to haven. He spent all that day drowsing before. The last beans had got big and coarse on the vines; the cabbages were thriving. Three hens came clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had called him. The king is dead, Ogion thought. Maybe a chick is hatching even now to take his place. He thought he caught a whiff of fox from the little orchard behind the house. "There's not much worth much in my life," she said, gazing down at the pavement. "All I know how. Unfortunately the king's wizards, enraged at the attack on the heart of the kingdom and heartened by their victory in the Pelnish Sea, had taken the fleet on into the far West Reach and attacked the islets and rocks where the dragons raised their young, killing many broods, "crushing monstrous eggs with iron mauls." Hearing of this, Orm's dragon anger woke again, and he "leapt for Havnor like an arrow of fire." (Dragons are generally referred to both in Hardic and Kargish as male, though in fact the gender of all dragons is a matter of conjecture, and in the case of the oldest and greatest ones, a mystery.) Very slowly they made him understand that one of the women was Anieb's mother, and that he should. "What have you got there?" Medra had been thinking, once again, and still unavailingly, how he could leave Havnor at once and unnoticed, when the wizard came. As she went farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked, coiling tail, the talons, and the breath that was bright fire. On the crest of the Knoll she paused a while, her long head turning to look slowly round the Isle of Roke, gazing longest at the Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of brass the wide, vaned wings opened and the dragon sprang up into the air, circled Roke Knoll once, and flew. Tracing descent both through the male and the female lines, and intermarrying with various noble houses of the Archipelago, the royal house embraced five principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh; the Houses of Shelieth, Ea, and Havnor; and lastly the House of Ilien. He was a consciously close-mouthed man, distrustful of visions until they could be made acts; and she, though a dutiful, loving wife and mother and housekeeper, already made too much of Diamond's talents and accomplishments. Also, like all women, she was inclined to babble and gossip, and indiscriminate in her friendships. The girl Rose hung about with Diamond because Tuly encouraged Rose's mother the witch to visit, consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to know about Golden's household. His business was none of the witch's business. On the other hand, Tangle might be able to tell him if his son in fact showed promise, had a talent for magery...but he flinched away from the thought of asking her, asking a witch's opinion on anything, least of all a judgment on his son.."Never do that again," she whispered..hungry," Ember said..man came in the door with a gust of cold wind, "the gentleman will stay with us while he's curing.something?
