He had not known how tired he was until he came to haven. He spent all that day drowsing before the mountain, all the sweep and cresting of it, over the calm waters where he used to try to raise Master Hemlock's house and presence. He felt a little dead. Not dead, but a little dead..wasn't much, but there were some beginnings of the great arts in it; and though he felt uneasy at him. She looked at him. He saw her look at him. He saw himself through her eyes.."Well, why can't you do it all? The magic and the music, anyhow? You can always hire a bookkeeper."..keep from falling. At the brink of the water he stood still. He stooped to rub his ankle. He. "If he wants a party, he'll have it," she said. Their voices were alike, being in the higher register but dark-toned, and held to an even quietness, contained, restrained. She perched on a stool beside his at the high desk..practices of wizards and witches, and all too often rightly so..and the women and the dirty, timid children drew closer to see the wonders he would show them..all but floated up the stairs himself, borne on such visions..In the young dowser he recognized a power, untaught and inept, which he could use. He needed much..with women, only women. It did not appear to me to be a powder room, but I had no way of."Anyone can make a fist and show a palm," said the tall woman, pleasantly. Do you tell them down there, every ship that can sail make for the open sea. Clear out, past the Armed Cliffs! Good luck to you." And he turned and ran back up the street, a tall, strong man with rough greying hair, running now like a stag..hesitated, and in that instant Anieb shouted in Otter's voice, "Tinaral, fall!".."You're going to Roke to find out," he said, raising his glass to her. After a moment she raised hers and smiled at him, a smile so tender and radiant that he said spontaneously, "And may what you find be all you seek!"..series of rooms with grotesque -- because moving, even active -- statues; a kind of wide street."Why do we quarrel?" he said rather despondently..him. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as *verw nadan*, *Vedurnan*, the Division..round the mountain. If human beings originally shared that innate knowledge or identity, they lost it as they lost their dragon nature.."There's not much worth much in my life," she said, gazing down at the pavement. "All I know how to do is run the farm, and try to stand up and speak truth. But if I thought it was all tricks and lies even on Roke, I'd hate those men for fooling me, fooling us all. It can't be lies. Not all of it. The Archmage did go into the labyrinth among the Hoary Men and come back with the Ring of Peace. He did go into death with the young king, and defeat the spider mage, and come back. We know that on the word of the king himself. Even here, the harpers came to sing that song, and a teller came to tell it."..air like a knife, and Ayeth fell backward against a chair, staring..IT WAS RAINING AGAIN, and the wizard of Re Albi was sorely tempted to make a weather spell, just a little, small spell, to send the rain on round the mountain. His bones ached. They ached for the sun to come out and shine through his flesh and dry them out. Of course he could say a pain spell, but all that would do was hide the ache for a while. There was no cure for what ailed him. Old bones need the sun. The wizard stood still in the doorway of his house, between the dark room and the rain-streaked open air, preventing himself from making a spell, and angry at himself for preventing himself and for having to be prevented..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (15 of 111) [2/5/2004 12:33:30 AM]..Azver the Patterner stood with his left hand holding his right hand, which her touch had burnt. Reeds brushed his legs. The mud was soft and sucking under his feet, full of tangling reed-roots. He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way. Then his cautious foot felt no bottom, and he paused..will never return."..Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm..twitched a little. Come on in the house after. I can give you a bit of milk soup, and a penny will be more than enough, thank you." She didn't feel like calling him sir, as she always did the curer. This one had nothing of that lordly way about him. He finished his soup, and she took the bowl. She sat down in her place, the stool by the oil lamp to the right of the hearth, and took up her mending. "Get warm through, and then I'll show you your bed," she said. "There's no fire in that room. Did you meet weather, up on the mountain? They say there's been snow." We know a dozen different Arthurs now, all of them true. The Shire changed irrevocably even in."And?". "Nothing to do with us, that lot at the old place," Birch said, displeased. The tactful Ivory asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at him and scuttled into her hut. If he went up to the house he would have to face the pack of hellhounds and probably a drunk old man. But it was worth the chance, he thought; he was bored out of his wits with the dull life at Westpool, and was never slow to take a risk. He rode up the hill till the dogs were yelling around him in a frenzy, snapping at the mare's legs. She plunged and lashed out her hooves at them, and he kept her from bolting only by a staying-spell and all the strength in his arms. The dogs were leaping and snapping at his own legs now, and he was about to let the mare have her head when somebody came among the dogs shouting curses and beating them back with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful as a flowering tree. She was very tall, very sweaty, with big hands and feet and mouth and nose and eyes, and a head of wild dusty hair. She was yelling, "Down! Back to the house, you carrion, you vile sons of bitches!" to the whining, cowering dogs..he spent riding out to scattered groups of cattle that had wandered up towards the feet of

Though she came to destroy Roke, as she had said, he must serve her. He did so willingly. She had walked with him in the forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big, careful hand. Her eyes, amber brown like the water of the Thwilburn in shadow, had looked at everything; she had listened; she had been still. He wanted to protect her and knew he could not. He had given her a little warmth when she was cold. He had nothing else to give her. Where she must go she would go. She did not understand danger.
