"Quite soon now, I think. Can you hold the Gates open, my dear?". Sorcery was practiced by men-its only real distinction from witchery. Sorcerers trained one another, and had some knowledge of the True Speech. Sorcery included both base crafts as defined by Halkel (finding, mending, dowsing, animal healing, etc.) and some high arts (human healing, chanting, weatherworking). A student who showed a gift for sorcery and was sent to Roke for training would first study the high arts of sorcery, and if successful in them might pursue his training in the art magic, especially in naming, summoning, and patterning, and so become a wizard.. Standing on that hill, Medra had said, "There is a vein of water, just under where I stand, that will not go dry." A long robe of Lorbanery silk, scarlet, embroidered in gold and black with runes and symbols, and a wide-brimmed, peak-crowned hat made him seem taller than a man could be. "Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room, which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the chimney. Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney corner for him. Let the traveler have a good bed for a night. Maybe he'd leave a copper or two with her when he went on. There was a terrible shortage of coppers in her household these days.. which held the heat of the sun, and fell asleep.. And he turned and ran back up the street, a tall, strong man with rough greying hair, running now like a stag.."Put your feet up to the fire," she said abruptly. "I have some old shoes of my husbands." It cost her something to say that, yet when she had said it she felt released, untied too. What was she keeping Bren's shoes for, anyhow? They were too small for Berry and too big for her. She'd given away his clothes, but kept the shoes, she didn't know what for. For this fellow, it would seem.
